FORM CLIENT

Resource

fmClient.ClientManagerText.text :=SQLExecute('Select
ResManagerText FROM dbResource WHERE id=
' + fmclient.cbClientResource.sqlvalue);

Works

fmclient.cbClientManager.text:=SQLExecute('Select
ResManagerText FROM dbResource WHERE id=
' + fmclient.cbClientResource.sqlvalue);

Does not work, get blank

Manager

Hidden in background, not seen by user, for later search

Combo Selection causes
